

English Writing

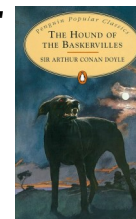

We will explore 'The Princess Blankets' by Carol Ann Duffy.

We will write balanced discussions, letters, speeches, reports, diaries, and debates. These activities will help us refine our critical thinking and persuasive communication skills.

English Reading

We will explore 'The Hound of the Baskervilles' by Sir Arthur Conan Doyle and 'Freedom' by Catherine Johnson. These texts will guide us in developing our comprehension, analysis, and appreciation of classic and contemporary literature.

Science

The Circulatory System, Diet, Drugs, and Lifestyle

We will learn about how the heart, blood, and vessels work together to sustain life. Additionally, we'll study how lifestyle choices can impact our health.

Religious Education

Christianity: How does the Christian festival of Easter offer hope?

Week 1: What are the key events of Holy Week?

Week 2: What symbols of hope are found in Easter celebrations?

Week 3: How does Jesus' resurrection bring hope to Christians?

Week 4: What do Christians believe about eternal life?

Week 5: How does Easter influence Christian practices today?

Mathematics

Fractions, Decimals, and Percentages; Area, Perimeter, and Volume; Statistics

We will solve problems involving fractions, decimals, and percentages. We'll also explore the practical applications of area and volume in real-life scenarios, and study data representation and interpretation.

Music

Composition

We will focus on creating our own music, learning how to compose and arrange melodies and harmonies. This unit aligns with developing creativity and performance skills.

Geography

South America

We will examine the diverse geography of South America, focusing on physical and human characteristics. We'll also explore issues like deforestation in the Amazon and compare the region with other parts of the world.

History

World War II and The Holocaust

We will delve into the events of World War II, including the Holocaust, to understand their impact on humanity and lessons for the future.

French

All in a Day

We will learn vocabulary related to daily routines, time-telling, and common phrases to describe a day in French.

Art

William Morris

We will study the work of William Morris, focusing on design, patterns, and the Arts and Crafts Movement. Pupils will create their own designs inspired by Morris.

Design and Technology

Cook: Meze

We will explore the concepts of sweet/savoury foods, and a balanced healthy diet. Following a recipe and using tools to explore methods in cooking,

P.E.

Dodgeball: Wednesdays

Gymnastics: Fridays

Computing

Data and Information: Spreadsheets

We will explore how to use spreadsheets for calculations, data analysis, and graphing, applying these skills to solve real-world problems.

PSHE

How can the media influence people?

Continuing our exploration of health and well-being as we develop independence and responsibility.
