

Friday 24th April 2020

Dear Parents and Carers

As the country completes the fourth week of the lockdown, we would like to keep you up to date with what the school is doing to keep things going as best we can.

Learning from Home

As you know the staff have been working hard behind the scenes creating the weekly Learning from Home pages which can be found on the front page of our school website. From Monday the 4th May we will be making some further adjustments to our provision.

We continue to provide a range of suggested additional activities which children may like to have a go at in addition to the daily lessons. Please also enjoy reading the weekly edition of First News. A reminder that the username for Espresso links is student2188 and the password is password.

Our teachers will be communicating with their classes through writing a letter from time to time. One of next week's tasks for the children is to write a letter to their teacher. We look forward to hearing all their news via admin@sbsp.rbkc.sch.uk

Other Online Learning resources

Julia Donaldson, is doing a weekly reading of her books on the Pan Macmillan website, at 4.00pm every Thursday. There are also free Gruffalo colouring sheets/craft activities on the website (<https://www.panmacmillan.com/blogs/books-for-children/snail-and-the-whale-kids-activities>).

Childcare update

St Barnabas and St Philip's staff have also been busy attending the childcare hub in partnership with St Mary Abbots School. Our grateful thanks to the staff for providing childcare for vulnerable children and children of key workers. We are very proud of them.

Thinking of you all and wishing you all the very best in these unusual times.

Friendship, Trust and Peace

Best wishes

Mrs Harris and Mrs Vagic
