### Year 5 Autumn Term 2020

It is a pleasure to welcome you all to Year 5. I am looking forward to a great year ahead!

#### Key dates

- Academic Review Day – 11<sup>th</sup> September
- Half Term – 26<sup>th</sup> October – 30<sup>th</sup> October
- End of Term – 18<sup>th</sup> December

#### **English:**

We have started our Autumn Term with studying instruction texts. This will be followed with biographies, some non-fiction, creative writing and finally poetry. Spelling lists will be given out on Mondays to be learnt for a test on Fridays.

#### **Maths:**

Some of the topics we are approaching in Maths include: long multiplication and division, shapes, rounding, fractions, translations and decimals. We will continue to have multiplication tests each Friday. Every lesson begins with either mental arithmetic or questions related to the previous week's topic, in order to consolidate their knowledge.

#### **Science:**

Our topic this half term is forces. Some forces we will study include gravity, friction, air and water resistance, and buoyancy. Next half term we look at earth and space and learn about the movements of our planet and how these relate to the seasons, day and night and the length of a day / year.

**RE:** We will be studying stories from The Bible, including the Christmas story. Our spirituality theme for this half term is creation. We will be encouraging children to apply their moral values to everyday relationships.

**Humanities:** This half term we are looking at the borough of Kensington and Chelsea in our local history study. We are finding out what major events have contributed to the make-up of our borough and how it has changed over the last two hundred years. The next half term we look at the geography of our borough.

**Computing:** In the computer suite this term we will be thinking about e-safety, learning how a search engine works and evaluating online media.

**Art/DT:** This term our topic is 'talking textiles', where the children will look at how stories can be depicted through artwork that uses textiles. We will look at some famous examples like the Bayeux tapestry. The term will culminate in the children making their own piece of talking textile depicting God's creation.

**PE:**

The children will be taking part in a range of PE activities following government guidelines. Please remember to send children into school wearing their PE kits on Tuesdays and Thursdays.

**Music:**

Our music tutor, Miss Sato, will be in school every Friday and she will be continuing to foster the children's love of music.

**PSHE:**

In PSHE, we will be using a new scheme of work called Jigsaw. For the first half term children will be learning about being themselves in their world. They will then move onto celebrating their own differences.
